![ARREYA® DIGITAL SIGNAGE SUITE]

HR Communications

Implement a digital system to connect and inform employees everywhere.
From video walls to phones in the field or at home, one platform for a turn-key solution.

INTEGRATING TODAY'S TECHNOLOGIES

Like a personal company app that connects all employees at all locations.

Employee communications provide important workplace news, updates on happenings, motivation experiences and added value to daily work activities.
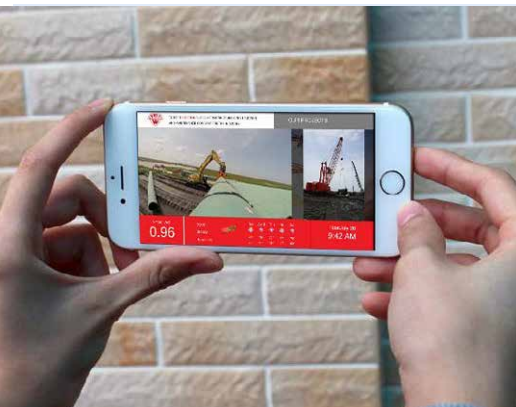

✓ Breakroom signage
✓ Call center dashboards
✓ Welcome walls

✓ Remote employees
✓ Manufacturing locations
✓ Employee recognition walls

POWERFUL CREATIVE STUDIO

All the tools needed for creating custom digital content for location specific information.

The freedom to update employee communications whenever and wherever. Create dashboards for departments, people, or services. Simple scalability at any time without the worry of extra screen licensing fees.

✓ Dynamic integration with your company statistics
✓ Promote involvment and even broadcast live announcements
✓ Alerts integration to keep employees informed

EXPAND TO CONNECTED DEVICES

Employees can view digital content while working from home or on the road, just like apps on a phone, it's a single access point.

Arreya is the only digital signage software service to offer channel-based subscriptions. Finally, per device charges are a thing of the past. Updates are automatic and support is always included.

CLOUD LEADER

Verified and recommended by Google as an enterprise solution for digital signage.

Arreya has maintained a long partnership with Google and the Chrome ecosystem. The CER program includes a rigorous testing and vetting process by Google, and certifies Arreya is an enterprise grade solution for ChromeOS.

Chrome Enterprise Recommended

Chrome Enterprise combines the stability and security of ChromeOS with the remote management capabilities required for reliability at an enterprise level. Every aspect of device settings, monitoring, and security can be managed.

> *Arreya is easy to use and deploy. It works excellently with the Chrome devices we have deployed in our factory. The cost per channel was the main reason we started using Arreya over other apps. Support and customer service have been great - often feels like we're right next door."*
