SOLVING SCHOOL COMMUNICATIONS

Digital Signage for Schools

Deliver effective digital communications and increase student engagement. From hallways to laptops, streamline information into one digital platform.

INTEGRATING TODAY'S TECHNOLOGIES

With intuitive tools for managing digital content, connecting with students is simplified.

Using the dynamic built in widgets will help easily keep content fresh. Integrate Google apps to add content and schedule updates including instant alerts to all devices.

- ✓ Digital notice boards
- ✓ Video wall displays
- ✓ Campus directory kiosks
- ✓ Digital building directory
- ✓ Cafeteria menu
- ✓ Classroom announcements
- ✓ Stream live events to screens
- ✓ Remote off campus messaging

BUILT-IN ARREYA CREATIVE STUDIO

All the tools you need to create digital content without coding.

Replace bulletin boards and flyers for one digital platform. Freedom to creatively update whenever and wherever through the secure, cloud based Arreya login and push content live instantly. So easy, students can be engaged in the content creation process.

- ✓ Touchscreen content without coding
- ✓ Add any user with single sign-on security
- ✓ Alerts integration to keep students informed

SIGNIFICANTLY AFFORDABLE SCALABILITY

Expand beyond the school digital screens to a student's computer or phone with a personalized app, with one click access.

Arreya is the only digital signage software service to offer channel-based subscriptions. Finally, per device charges are a thing of the past. Add channels at any time for different departments or schools. Updates are automatic and support is always included.

Verified and recommended by Google as an enterprise solution for digital signage.

Arreya has maintained a long partnership with Google and the Chrome ecosystem. The CER program includes a rigorous testing and vetting process by Google, and certifies Arreya is an enterprise grade solution for ChromeOS.

Chrome Enterprise Recommended

Chrome Enterprise combines the stability and security of ChromeOS with the remote management capabilities required for reliability at an enterprise level. Every aspect of device settings, monitoring, and security can be managed.

> *Arreya is easy to use and deploy. It works excellently with the Chrome devices we have deployed in our factory. The cost per channel was the main reason we started using Arreya over other apps. Support and customer service have been great - often feels like we're right next door.*

FREE
support and training included with all subscriptions.

FIRST 30 DAYS IS FREE

We offer a full 30 day free to try all our features and widgets so your content is ready for implementation when you are. No limitations and no credit card required.
