**EASY FOR STAFF TO USE.  
ZERO LIFT FOR YOUR IT DEPT.**

**Principal, Middle School**

“We were looking for a way to not only inform our students of daily happenings, but also to publicize and showcase all the great things our students are doing. We’ve found... Arreya, to be an all-in-one tool that encompasses all we want to do. Arreya has been there every step of the way... There’s no need to look any further than Arreya for all your digital signage needs...”

**District IT/Communications Engineering**

“For schools with multiple screens, we have them in the front office, gym, library and key entry ways. The school secretary, nurses, lunch staff, athletic departments, and clubs all use the software—and they have nothing but positive things to say. There is zero learning curve. We haven’t had to do much training or support. Arreya has great training videos, so we created an internal landing page, with links, etc. Within a few hours, everyone was good to go.”
